explanatory notes

**DATES**

Before 1752, the first day of the New Year was 26<sup>th</sup> March so, for example, 25<sup>th</sup> March 1750 would have been followed by 26<sup>th</sup> March 1751. This system continued until the calendar was changed in 1751 so that 31<sup>st</sup> December 1751 was followed by 1<sup>st</sup> January 1752.

All events before 1752 that occurred between 1<sup>st</sup> January and 25<sup>th</sup> March in a given year would, according to our modern calendar, have occurred a year later than actually recorded at the time.

In order to facilitate the sorting of dates by the computer software used to compile these transcripts, the dates have all been adjusted so that each year begins on 1<sup>st</sup> January, not 26<sup>th</sup> March as recorded in the registers. This means, for example, that an entry in this transcript for a burial on 5<sup>th</sup> January 1723 would actually be found in the original parish register for 5<sup>th</sup> January 1722.

**SPELLING**

The spelling of names and places in the original entries has been retained in this transcript.

**NOTES**

The vicar of St Leonard's, Rev. Edward Best, made a number of observations in the burial register, which have been transcribed as a separate file. Where the notes mention people whose names appear in the burial register, a copy of the note is included in the transcript of the burial entry.

**COPIES**

Wolverhampton Archives & Local Studies is able to supply copies of the original parish register entries. See the postal research section of our website [http://www.wolverhamptonarchives.dial.pipex.com/gen\\_postal.htm](http://www.wolverhamptonarchives.dial.pipex.com/gen_postal.htm) for further details.
